Dear Parents of students in Grades 3, 5, 7 and 9,

Greetings from New Indian Model School, Dubai.

As part of UAE's National Agenda requirements for the 2022-2023 academic year, students will sit for the Cognitive Abilities Test (CAT4) from September 22nd – 26th, 2022 during regular school timing.

The Cognitive Abilities Test (CAT4) is a diagnostic assessment that is designed to help students and their teachers understand how they learn and what their academic potential might be. It assesses how students think in areas that are known to make a difference to learning.

Tasks involve thinking about shapes and patterns (Non-Verbal Reasoning), words (Verbal Reasoning), numbers (Quantitative Reasoning) and some questions are answered by mentally generating and transforming visual images (Spatial Ability).

While many tests focus on a child's attainment in core subjects, CAT4 is designed to give schools a much broader, more rounded view of each child, their potential and how they learn. Results help teachers decide about the pace of learning that is right for a student and whether additional support or challenge is needed.

Teachers are provided with an individual profile of learning preference along with a range of indicators of likely future performance. Used with other information, these data can support teaching and learning for all children. The CAT4 schedule is as follows:

CAT 4 Schedule
