06-12-2022

Dear Respected Parents of students in grades 3-9,

Greetings from New Indian Model School, Dubai.

As part of the UAE's National Agenda requirements on benchmarking assessments, the KHDA have mandated that all Indian Curriculum schools are to take the ASSET (The Assessment for Scholastic Skills through Educational Testing) annually for Grades 3 to 9 in order to check the depth of students' understanding in English, Math and Science.

ASSET papers are designed by subject experts who specialize in designing questions that test the understanding of concepts taught in the three core subjects. This skill-based, diagnostic assessment is based on age-appropriate real-life applications which would eventually help students to be successful in competitive examinations later in life.

After the ASSET test, your child will receive a personalised comprehensive view of his/her performance, along with detailed insights on his/her strengths and areas that need improvement. Your child will also get benchmarked with his/her/ peers across the country and internationally, to help them understand where they stand, along with targeted practice questions.

Due to its importance as a benchmarking assessment, we feel that students will benefit if we, as an institution, provide our students the support needed, by giving due importance to the ASSET Examination.

Therefore, **the ASSET will be considered as Periodic Test 3 in English, Math, and Science for Grades 3 to 9 in the month of January 2023.** Details of the dates will be shared later this week along with the schedule.

We thank you once again for all your support and understanding as we continue our endeavor to bring out the best in our students and help them excel to greater heights in their learning journey.

Kind regards,

Stephen DaCosta
Principal
