12-01-2023

Dear Parent /Guardian

Greetings from New Indian model school, Dubai.

Seasonal Influenza is a contagious viral infection that attacks the respiratory system in all age groups.

Symptoms include body ache, headache, nasal congestion, sore throat, fatigue, cough, chills, nausea, vomiting and diarrhea.

If your child is experiencing any of the flu symptoms we recommend you to consult a doctor. Do not send him / her to the school for 5 days. Inform the school medical team, if your child is diagnosed with influenza so that we can monitor the class.

Best way to prevent flu and avoid its complications is to get the Influenza vaccine. Children under 18 years can avail it for free from Public Health Center – Al Ghubaiba Sharjah, 065093111 and 50 Dhs. for above 18 years.

Please find the link for the location map of the Health center.
